EXPERTISE SINCE 1994

Real solid wood furniture has attracted me since my childhood. With a lifetime of work and passionate enthusiasm, I built the foundations of solid wood furniture production at the foot of the Vértes Mountains, in the embrace of nature. For us, furniture production is not an occupation, but a pleasure. Our family found vocation in this lovely environment, we live our everyday life and create value for those who choose solid wood furniture.

Solid wood furniture has an inimitable atmosphere, it carries the events of the past, it encourages us to preserve and pass it on to future generations. Solid wood furniture is more than a utility item, it transmits the scent of the meadow, the forest comes back to life, nature moves into our home and becomes an integral part of the family and our lives.
